

Denis Leclerc

President and CEO
Écotech Québec

Denis Leclerc is President and Chief Executive Officer of Écotech Québec, the Québec Cleantech Cluster, since September 2009. Mr. Leclerc has 20+ years of experience in business management, mainly in the natural resources industry. He has held a number of senior positions, including Vice President, Sustainability and Environment for a global forest products company. He holds a MBA from Université de Sherbrooke and a Bachelor of Arts degree from Université Laval (major in public communications).

Écotech Québec unites and mobilizes the cleantech industry around common goals and actions. It participates in the “greening” of the Quebec economy through sustainable development. It supports Québec entrepreneurs in accelerating the design, development, adoption, commercialization and export of clean technologies.
