

## **Seminar on “Clean Technologies for Sustainable Development and how the Photonic Industry can contribute”**

### **Program of the Seminar (Preliminary)**

7:45 to 8:45: Registration, breakfast, networking

8:45 to 9:00: Welcoming remarks

9:00 to 9:40: **TBC**, “Energy and sustainable development”.

9:40 to 10:20: **Michael Lebby**, GM and CTO, Translucent Inc, and Past President and CEO, Optoelectronics Industry Development Association (OIDA), “Green Photonics”.

10:20 to 10:40: Health breaks

10:40 to 11:20: **Muriel McGrath**, Associate (Energy & Communications), IBM World Business Services, “Smart Grid”.

11:20 to 12:10: **Denis Faubert**, Director, Institut de recherche d’Hydro-Québec, “Hydro-Québec’s plans for Smart Grid applications”.

12:10 to 13:30: Lunch

13:30 to 14:10: **Miljana Horvat**, Professor, Department of Architectural Science, Ryerson University of Toronto, “Intelligent Green Buildings”.

14:10 to 14:50: **Rafael Kleiman**, Scientific Director, Canadian Photovoltaic Innovation Network, “The Canadian status on Photovoltaic Energy”.

14:50 to 15:10 Health Break

15:10 to 16:20: Round table discussion.

16:20 to 16:30: Wrap up
